

# **INFORMATION AND COMMUNICATION TECHNOLOGY PROJECT**

## **Semester Project:**

Online Reading Book Store

### **Group Members:**

Areej Fatima (232525)

Ayesha Mudassar (232471)

This report presents a comprehensive exploration and design proposal for an innovative ebookstore website, meticulously crafted on Figma to seamlessly blend functionality and aesthetics.

**Project Name:**

*E- Bookstore Website*

**Website Name:**

*BIBLIO*

## Purpose of Website

- *We've got a ton of awesome books for you to check out. Whether you like adventures, mysteries, or heartwarming stories, there's something for everyone.*
- *Our website is super easy to use. You can find your favorite books without any trouble. It's all about making things simple and fun for you.*
- *We picked out some really cool books for you to explore. It's like a treasure hunt for great*
- *stories, Allama Iqbal books, Health and fitness related books recipes books for fun and modern spaces. we're here to help you discover new favorites.*
- *We're big fans of reading, and we want to share that love with you. Whether you're a bookworm or just getting into reading, our website is here to make it easy and enjoyable.*
- *Imagine talking to the people who write your favorite books! Our website lets you do just that.*
- *Connect with writers, talk about books, and be part of a fun book-loving community.*
- *Read your favorite books wherever you want. We've got all kinds of formats, like e-books. Reading has never been so flexible and easy.*
- *Our website isn't just about stories; it's a place to find interesting stuff to learn. We have guides, educational materials, and books for school. Learning can be cool too!*

## Features Of Website

*The main features of our website are given below*

- *Our website provide you Intuitive navigation and a clean layout. Easy search options, categorized book sections, and a straightforward checkout process.*

- *Study guides, academic books, Allama Iqbal and modern spaces, Children books, recipes books and Health and Fitness books for students and educators.*
- *E-books links were available to read online from our store.*
- *Design ensuring a seamless experience on smartphones, tablets, and computers.*
- *We will provide the link of each book you want to read and with this you will read it online easily.*

### **Constraints and consideration**

#### **Mobile Responsiveness:**

- *Given the increasing use of mobile devices, ensure the website is responsive and provides an optimal user experience across various screen sizes and devices.*

#### **Budget Constraints:**

- *Consider the financial limitations for development, hosting, maintenance, and potential marketing efforts. Be mindful of cost-effective solutions without compromising essential features.*

#### **Data Security and Privacy:**

- *Insure the security measures to protect customer data and transactions. Ensure compliance with data protection laws and industry standards to build trust with users.*

#### **Content Management:**

- *Consider how easily content, including book listings and promotional materials, can be managed. Implement a user-friendly content management system (CMS) for efficient updates*

## Figma designs:

### 1-Login Page

If you don't have any account you will sign up from there and use the e-book website.

The image shows a Figma design of a login page for a website called 'BIBLIO'. The page has a pink background. On the left, there is a white login form with the following elements:

- LOGIN** (large bold text)
- Doesn't have any account yet ? Sign Up 
- Username/Email Address**
- 
- Password**
- 
- ☒ Remember me    [Forget password ?](#)
- LOGIN** (button)
- Now Here? Create an account Sign Up 

On the right, there is a logo for 'BIBLIO' with the tagline 'Welcome To Bibilo' and an illustration of a girl reading a book.

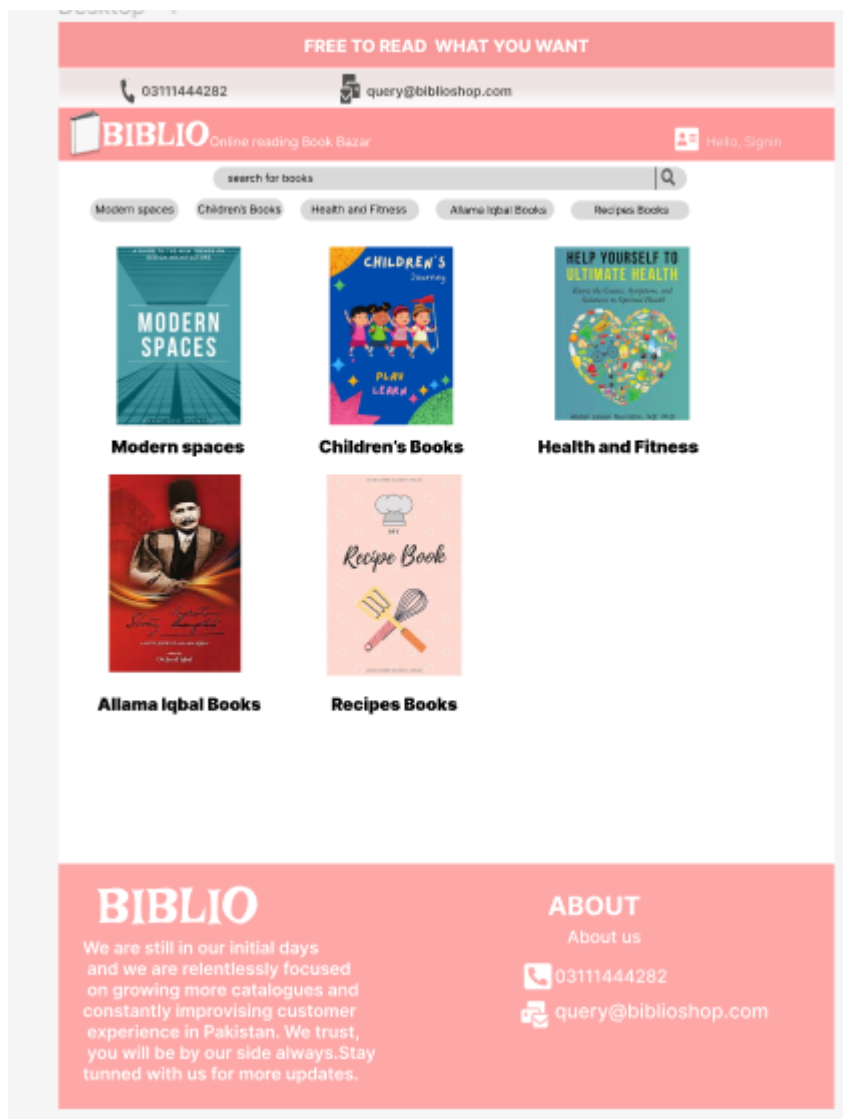

**BIBLIO**
